School Rules

For the safety and well-being of everyone in the school community it is necessary for us to work within a set of rules.

Our six school rules are clear and simple and are linked to our **school values**. They are used consistently and are linked with consequences.

They are:

- **Respect** - We look after each other, our classroom and our school.
- **Aspiration** - We try our best and don't give up.
- **Honesty** - We tell the truth and reflect on our actions, saying sorry when we are in the wrong.
- **Tolerance** - We accept differences and use respectful words.
- **Caring** - We are always kind and caring to others.
- **Responsibility** - We take responsibility for our learning and for what we say and do.

Our school rules enable us to create a calm, purposeful environment ('Maple' Ready) for learning and achieving our potential.

At the beginning of each academic year teachers agree with pupils a class vision. These are displayed on the classroom doors to be used as a point of reference for maintaining high standards of behaviour and expectations for anyone working in that room.
